

CTPAT Statement of Support

As a proud member of the U.S. Customs and Border Protection (CBP) CTPAT program since 11/24/2017, supply chain security continues to be an integral part of the Synctrans International, Inc.'s culture and business processes.

CTPAT remains a voluntary public-private sector partnership program where members work with CBP to strengthen their international supply chains and ultimately improve border security, protecting the supply chain from criminal activities such as drug trafficking, terrorism, human smuggling, and illegal contraband.

Synctrans International, Inc. has developed, and maintains, a multi-layered security program that is consistent with the CTPAT minimum-security criteria (MSC) and remains committed to protecting our organization and supply chain from any illegal or illicit activities.

Security is everyone's responsibility. All employees and business partners, including contractors, service providers, and visitors are educated and must comply with the company's CTPAT policies and procedures that are in place at each facility.
